ParkSwap - Privacy Policy

Last updated: April 28, 2025

Welcome to ParkSwap. This Privacy Policy explains how we collect, use, and protect your information when you use our Interface.

1. No Personal Data Collection

ParkSwap does not collect, store, or process any personally identifiable information (such as name, email address, or phone number).

You interact directly with the blockchain through your own wallet, and all transaction data is recorded publicly on the blockchain (Base).

2. Technical Information

Some technical information may be automatically collected to maintain the functionality of the Interface, including:

- IP address (temporarily, for anti-abuse purposes),
- Device information (browser type, operating system),
- Anonymous usage data (page views, usage frequency).

This data is used solely to improve user experience and prevent abuse. We do not create personal profiles.

3. Third-Party Services

We may integrate third-party services (e.g., price aggregators, risk verification tools) that apply their own privacy policies.

ParkSwap is not responsible for third-party privacy practices. We encourage you to review their policies.

ParkSwap - Terms of Use

4. Cookies

ParkSwap does not use advertising or tracking cookies. Only functional cookies necessary for the basic operation of the Interface may be used.

5. Security

Although we do not store personal data, we implement security measures to protect the Interface from unauthorized access and potential attacks.

6. Your Rights

Since we do not collect personal data, there is no mechanism for requesting deletion or access to your information.

All transaction records are managed directly by the blockchain.

7. Changes to This Policy

We reserve the right to modify this Privacy Policy at any time. Updates will be posted on this page with a new effective date.
